## 6:30 P.M. - 8:00 P.M.

### Douglas County School District Strategic Plan

**Choice:** Providing each child the maximum opportunity for success

- *Communicating the unique qualities of each school to our students, employees, parents, and community gives all students the highest possibility for success.*
- *Empowering every school to achieve their desired state provides many learning opportunities for students and synergy in our schools.*

### World Class

**Education:** Achieving sustainable learning for the 21<sup>st</sup> century

- *Students must be prepared to compete on a world stage for the highest-paying jobs - jobs that require a high level of creativity and innovation.*
- *Sustainable learning is essential and requires the most important information to be taught in a way that can be retained, that stretches across content areas, and that incorporates the tools our young people will be required to use in the workforce.*
- *Education is more personalized, and students develop a deep understanding of self, world, career, and their own pathway to success.*

### System Performance:

Defining and measuring what matters most

- *We will define what matters most to our stakeholders.*
- *Our development of a cutting-edge System Performance Framework will measure student, educator, school, leader, and District performance.*
- *Authentic measurements lead to continuous improvement for our students and allow our stakeholders to remain informed.*
