

District Accountability Committee

Tuesday, September 9, 2014

6:30 P.M. – 8:30 P.M.

Wilcox Building: Board of Education Room

Douglas County School District Strategic Plan

Safety: Maximizing physical, psychological and online safety for students, staff and community

- Ensuring physically safe learning environments.
- Collaborating with all schools to create a system-wide culture that prioritizes and values psychological safety and wellness.
- Ensuring online safety and data privacy.

Choice: Providing each child the maximum opportunity for success

- Communicating the unique qualities of each school to our students, employees, parents, and community gives all students the highest possibility for success.
- Empowering every school to achieve their desired state provides many learning opportunities for students and synergy in our schools.

World Class

Education: Achieving sustainable learning for the 21st century

- Students must be prepared to compete on a world stage for the highest-paying jobs - jobs that require a high level of creativity and innovation.
- Sustainable learning is essential and requires the most important information to be taught in a way that can be retained, that stretches across content areas, and that incorporates the tools our young people will be required to use in the workforce.
- Education is more personalized, and students develop a deep understanding of self, world, career, and their own pathway to success.

System Performance:

Defining and measuring what matters most

- We will define what matters most to our stakeholders.
- Our development of a cutting-edge System Performance Framework will measure student, educator, school, leader, and District performance.
- Authentic measurements lead to continuous improvement for our students and allow our stakeholders to remain informed.
